Product Description

Criminal History Searches Available:

- **County Level Felony & Misdemeanor Reports** - IBC's single county criminal search provides criminal records held at the county seat level. Reports generally include felony and/or misdemeanor records. A single-county search is especially valuable when you need to perform a more comprehensive and/or current database search.
- **Criminal Search** - Most clients feel our Criminal Search is the best value. The search conducts an instant search of criminal records from all 50 states and the District of Columbia. Each Criminal Search report contains a wealth of information, including felony and misdemeanor records, sex-offender registries, inmate records, and arrest information.
- **Statewide Criminal Comprehensive Reports** - Statewide Criminal Comprehensive Reports combine multiple sources of information in a single search. Report information may include, but is not limited to, court-level felony records, court-level misdemeanor records, traffic records, department of corrections data, and information from state sex-offender registries.
- **Statewide Criminal Search** - Statewide Criminal Searches provide online access to public criminal records from each state. Search results may include felony, misdemeanor, and/or traffic-case information. Each state's case information will also vary upon years of coverage as well as turnaround times.
- **Federal District Criminal** - A search of the Federal District Court nationwide by districts, for federal crimes such as embezzlement, bank robbery, and tax evasion.
- **Arrest and Booking Records** - Arrest and Booking Records are available in a limited number of states. The information in these records helps determine if you should run a criminal search for a single county. (Please remember that you should not make hiring decisions based solely on arrest records.)
- **Inmate Records** - Inmate Records provide information from each state's department of corrections. Reports can include information on an individual's probation and parole and give active or inactive status within a state facility. Information in reports will vary depending on the state.
- **Terrorist Search** - A terrorist database search helps you meet federal OFAC identification requirements. The search includes data from the Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury. This search will help ensure that

you don't enter into transactions with a person or organization involved in terrorism, international narcotics trafficking, or activities related to the proliferation of weapons of mass destruction.

- **Nationwide Sex Offender Registry** - The Nationwide Sex Offender Registry includes sex-offender records provided by each state. Reports contain information on sex offenders from 50 states plus the District of Columbia. The offense levels listed will vary by state.

International Criminal History Search - There are approximately 216 countries allowing IBC to conduct International Criminal Searches. Not every foreign country allows access to criminal records for public purposes. Those foreign countries that do allow criminal records access have different sets of laws, as well as, different levels of reliability. For a complete list, please contact IBC for pricing and turnaround-time(s).

Single County Civil Record Search - Civil-records searches identify noncriminal suits filed by individuals or corporations, including product-liability suits, civil-rights violations, judgments for nonpayment of goods, and litigation related to divorce, marriage, and child custody.

Employment Verification - Reports will validate an applicant's current and previous employment, including dates of employment, job titles, job duties, reasons for leaving, attendance, employee ratings, and eligibility for rehire.

Education/Academic Verification - Reports will verify an applicant's level of formal education and confirm schools attended, degrees obtained, attendance dates, and grade point average. Reports are useful for determining a candidate's qualifications and establishing salary ranges for new hires.

Professional Licensing - Professional licensing searches research information on individuals who need state licenses to engage in a professional activity. (Licensed professions may vary by state.) Reports may include such information as the name and address of the licensee; the licensing agency; license type, number, and class; license classification (business or personal); status of license; and issue and expiration dates. You may submit a state or nationwide search.

Social Security Number Verification - Our reports verify the applicant's name to the Social Security number as reported by the Social Security Administration and the three credit bureaus. Report information may include, but is not limited to, current and former addresses, the applicant's age and/or date of birth, and the applicant's county of residence.

Credit Reports for Employment Screening - IBC offers credit reports to employers from one of the three national credit bureaus. Reports provide insight into an applicant's financial

responsibility and include information such as the applicant's address, past and current employers, any public-filing information, debt load, and payment history.

Motor Vehicle - Motor vehicle reports (MVRs) - provide a comprehensive review of a driver's license history and status, including offenses and citations. Companies should order MVRs for all employees who drive company or personal vehicles for business use. With MVRs from IBC, you'll get timely, comprehensive, and reliable reports on an individual's driving history, including: driver's license information driving history, including deducted DMV points driving restrictions, such as glasses and hearing aids special endorsements, including tank and hazardous materials state-specific rules, regulations, and requirements. Our MVR's are available in all 50 states. For a complete list, please contact IBC.

Medical License Verification - This search provides licensing and registering of medical doctors, doctors of osteopathic medicine, doctors of podiatric medicine, physician assistants, anesthesiologist assistants, massage therapists, cosmetic therapists, acupuncturists, mechanotherapists, and naprapaths for all 50 U.S. states. Results are available same day.

Medicare/Medicaid Sanctions - This is a nationwide Medicare/Medicade sanction database.

National Death Records - Includes First Name, Last Name, SSN, DOB, Date of Death and other information for deceased persons for the entire US. Coverage can include records kept back to early '40s by the Social Security Administration. Records are updated on a quarterly basis.

National Real Property Deed Transfers - This nationwide database includes information on the transfer of a property deed. These records will include the buyer and seller's names, addresses, and the date of transfer.

National Real Property Records - This nationwide database covers property records in 47 states. Data is compiled from individual county assessor's offices. The records contain information including the owners name, address, phone numbers, the square footage, the sale amount, the sale date, and other fields.
